Description

New Haven provides permanent supportive housing to homeless individuals with a disability. New Haven is funded through Houston's Continuum of Care with grant dollars from the Department of Housing and Urban Development.

Referrals to New Haven are received directly from Houston's Coordinated Access system. No DIRECT referrals from any sources are accepted.

Services are voluntary, designed for housing preservation, and include: rental assistance, case management, therapy, income assistance, and transportation to appointments. Social events and activities are available to allow residents to be a part of the community while maintaining successful independent living. Residents are encouraged to set goals, learn about their situation and personal behavior in order to foster positive, nurturing relationships and grow spiritually and emotionally.
